

MICCAI 2026

29th International Conference
on Medical Image Computing and
Computer Assisted Intervention

Abu Dhabi
UNITED ARAB EMIRATES

4 - 8 October 2026

ADNEC Centre Abu Dhabi

SPONSORSHIP PROSPECTUS

Dear Colleagues and Friends,

For the first time in its history, the International Conference on Medical Image Computing and Computer-Assisted Intervention (MICCAI) will be hosted in **Abu Dhabi, United Arab Emirates**, on **October 4–8, 2026**.

We invite you to join us as sponsors for this great opportunity for research and development, innovation, cooperation and inclusion at our world-class conference.

MICCAI is the flagship conference for the field of medical imaging that has attracted the best minds in Medical Image Computing (MIC) and Computer-Assisted Intervention (CAI) from academia, research, clinics, and industry over the years. In addition to the main conference, MICCAI workshops, challenges, and tutorials have significantly contributed to advancing and benchmarking the MIC and CAI fields. Thanks to our sponsors, MICCAI has been steadily growing over the past 28 years. We have also been able to attract the world's leading speakers including Nobel Laureates and Turing Award winners.

MICCAI has been sponsored over the years by a wide range of multi-faceted industries and institutions. We and our partners are very excited to bring MICCAI to **Abu Dhabi**, with all the opportunities it presents, and are looking forward to making it a great success with your help.

We aim to widen the scientific, clinical, commercial and economic impacts of MICCAI across the globe, to attract and welcome new members to the MICCAI community in particular from countries in **the Middle East** and to bring our scientific focus to translation of research concepts into the clinic by collaborations with industry.

Your generous contribution will support the participation of scientists and academics from low-income countries, as well as clinicians and public health stakeholders interested in applying pioneering AI-based methods in clinical practice. As a sponsor of MICCAI 2026, you will have preferential access to this emerging market, meet new and traditional stakeholders, get first-hand information on practices and market gaps and opportunities in the application of the latest AI methods in clinical practice, to shape and forecast the impact of your commercial products and investments, all while supporting innovators and the diversification in the medical field.

We would like to invite you to support MICCAI 2026. The sponsorship packages are listed in this leaflet. We will be delighted to meet you and discuss the sponsorship options and your requirements to ensure the best benefits for both parties.

Yours sincerely,

On Behalf of MICCAI 2026 General Chairs

ABOUT MICCAI

MICCAI

The MICCAI Society was formed as a non-profit corporation on July 29, 2004, pursuant to the provisions of the Minnesota Non-Profit Corporation Act, Minnesota Statute, Chapter 317A, with legally bound Articles of Incorporation and Bylaws. The official corporate name is The Medical Image Computing and Computer Assisted Intervention Society (“The MICCAI Society”). The organization was founded with a focused professional mission and with member enrollment and benefits. The Society is governed by an elected Board of Directors (the MICCAI Board) with officers, including a President, Executive Director, Secretary and Treasurer.

Society staff coordinators are appointed by the Board to help manage and conduct the various activities of the Society, including membership, publications, public communication and industry relations. The Society’s goals and focus are multi-disciplinary in nature and bring together scientists, engineers, physicians, surgeons, educators and students who contribute to and participate in the mission and activities of the Society.

The history of the Society dates from the early 1990s when three international conferences eventually evolved into a single conference in 1998, and was named the MICCAI (Medical Image Computing and Computer Assisted Intervention) Conference.

GENERAL INFORMATION

Abu Dhabi: A Global Capital of Innovation, Culture, and Vision

Located at the crossroads of East and West, Abu Dhabi, the capital of the United Arab Emirates, is a dynamic and cosmopolitan city celebrated for its world-class infrastructure, technological progress, and rich cultural heritage. As one of the leading centers of innovation and sustainable development in the Middle East, Abu Dhabi has emerged as a global hub for science, research, and high-tech industries, supported by visionary leadership and long-term investment in education and innovation.

Home to renowned institutions such as Mohamed bin Zayed University of Artificial Intelligence, Khalifa University, ADIA Lab, Technology Innovation Institute, Masdar City, and Hub71, Abu Dhabi fosters a thriving ecosystem where startups, global corporations, and research centers collaborate to shape the future of technology, healthcare, and artificial intelligence. This powerful synergy makes the city an ideal destination for an event like MICCAI 2026, where science and innovation converge on an international stage.

Beyond its achievements in technology and research, Abu Dhabi offers visitors a captivating blend of modern sophistication and cultural depth. The city features iconic landmarks such as the Louvre Abu Dhabi, the Sheikh Zayed Grand Mosque, and the stunning Corniche waterfront, alongside traditional souks and cultural festivals that highlight the UAE's rich heritage. Visitors can also enjoy diverse leisure opportunities—from desert adventures to luxury shopping, fine dining, and serene beaches—making Abu Dhabi both inspiring and welcoming.

Easily accessible from across the world, Abu Dhabi is connected by one of the most efficient international airports and an expanding public transport network, offering seamless travel experiences. Its strategic location and hospitality standards make it a preferred destination for international conferences, exhibitions, and global collaborations.

GENERAL INFORMATION

ADNEC (Abu Dhabi National Exhibition Centre): A Premier Venue for Global Events

The Abu Dhabi National Exhibition Centre (ADNEC) is a state-of-the-art convention complex that stands as one of the largest and most advanced event venues in the Middle East. Designed to host world-class conferences, exhibitions, and conventions, ADNEC combines architectural excellence with cutting-edge facilities, offering an ideal environment for an event of MICCAI's scale and prestige.

With over 133,000 square meters of event space, ADNEC includes multiple exhibition halls, flexible conference rooms, and a grand auditorium, all equipped with advanced audiovisual and digital technologies. Its modular and versatile design allows organizers to tailor the space to perfectly match their event requirements — from large-scale scientific gatherings to focused workshops and exhibitions.

In addition to its exceptional physical infrastructure, ADNEC provides comprehensive event management services, premium catering, and a dedicated professional team ensuring a seamless experience for all participants. The venue's location in Abu Dhabi places it within close reach of major hotels, cultural attractions, and leisure destinations, allowing delegates to combine productive conference days with rich cultural and social experiences.

Committed to sustainability and innovation, ADNEC integrates eco-friendly practices throughout its operations, aligning with Abu Dhabi's broader vision for environmental responsibility and smart city development. The venue regularly hosts prestigious international conferences and exhibitions, reinforcing its reputation as a global meeting point for science, technology, and industry.

The Abu Dhabi National Exhibition Centre stands as a premier destination for those seeking a world-class venue that embodies innovation, accessibility, and hospitality, providing the perfect setting for MICCAI 2026 in the heart of one of the world's most forward-looking cities.
